

- Massive 70mm reach with 55mm depth of cut
- Premium quality Tungsten Carbide teeth.
- Perfect for drilling heavy steel in remote locations.
- High strength, non-slip shank design.
- Use in any standard drill chuck or with a magnet drill adapter. Combine with the multisink tool to broach and countersink in one operation.

A highly versatile Tungsten Carbide Holesaw system for use with a range of power tools including hand drills, Mag Drills and Pillar Drills.

The perfect heavy duty Holesaw for fabricators and steel erectors needing to drill through heavy steel in locations that aren't suitable for a mag drill.

Recommended Applications

- RECOMMENDED FOR USE WITH ROTARY DRILLS** (Icon: Rotary Drill)
- RECOMMENDED FOR USE WITH MAGNET DRILLS** (Icon: Magnet Drill)
- RECOMMENDED FOR USE WITH THE MULTISINK** (Icon: Multisink Tool)
- USE WITH EXTENSION & SDS ARBORS** (Icon: Extension Arbor)
- USE WITH VERSADRIVE ACCESSORIES** (Icon: VersaDrive Accessories)
- USE WITH ANY STANDARD DRILL CHUCK** (Icon: Standard Drill Chuck) - 111030-0001 **£24.65**
- USE WITH THE MAGNET DRILL ADAPTER** (Icon: Magnet Drill Adapter) - 601050- From **£84.00**
- USE WITH EXTENSION ARBOR** (Icon: Extension Arbor) - 111010-0002 **£19.30**
- USE WITH SDS+ ADAPTERS (ROTARY ONLY)** (Icon: SDS+ Adapter) - 111020-0001 **£17.90**
